

Empowering your Spiritual Journey

The Empowerment Program

Here  Now  this Moment

IT Play IT For the Love of the Game

IT...
*can be anything,
especially resistance
(worry, anxiety, stress, fear, negativity)*

*There is a hidden gift within every thing.
From one point of view IT is our teacher and
is there for our good, even though it does not appear that way.*

The moment you offer no resistance to resistance, IT begins to disappear.
IT wants you to be all you can be, to make a contribution, to learn what IT is to be learned on your Journey.

*All there is is what appears to be so and
how you relate to it*

IT wants you to trans-form you... to free you. *The moment IT releases,
disturbing circumstance begin to shift.*

From one point of view... from the way you view things, you are right... and you are justified in being right. In fact, you have evidence to prove that you are right. You could create a great a case that supports your being right. O.k., lets say everyone says you are right.

That being said, you have a right to give up your right to be right. For the love of the game, you could *Give up all your rights...all of them...for one minute...as a game...* If you can do this for one minute, the next time go for two minutes.

As a game... pretend IT is your teacher. On one level, IT is all for my highest and best good. Since you always want what is for your highest and best good, choose IT.

Choose IT because IT is for your highest and best good.

It is immaterial whether your life is easy or difficult at this time. Every experience in the world of matter is an alchemical blessing, for it is through the tensions of your spiritual evolution in the worlds of matter that you create mastery.
