## The Empowerment Program

Here  Now  this Moment

*...the rare persons who are actually attracted to Enlightenment as a life goal are attracted because that is already their destiny.*

## On Enlightenment 2

The following quotes are from David R. Hawkins, M.D. Ph.D. book, *I: Reality and subjectivity* This book has Richard's Five Star Recommendation, as does his first book, *Power vs. Force*.

*According to consciousness research, the likelihood of reaching Enlightenment is now approximately one thousand times one likely than it was in there past.*

*The serious, dedicated search for Enlightenment is energized by intention and empowered by devotion.*

***There is a solution which is common to all.***

*Simply find the underlying positionality. Illusion, or drive; surrender that underpinning, and the many seeming problems fall away.*

*Enlightenment is the consequence of the surrendered all dualistic illusions to Truth.  
All suffering ends with the dissolution of the ego's positionalities.*

*The ego is merely the human condition.  
It is simply a construct and not really personal except to the degree that one identifies with it and terms it 'me'.*

*Weather comes and goes but the sky itself remains unchanged.  
Enlightenment is merely the shift of identify from the cloud to the sky.*

*It is never too early to hear the truth.  
One should not embark upon the journey  
without conviction and courage. It will require all  
the strength one can muster. The seeking of enlightenment is not  
an understanding for the faint-hearted.*

*The attachment to love is really the trap and  
the barrier to enlightenment. In Reality, love is  
freedom, but attachment to love is a limitation.*
